

## SUSTAINABLE

A sustainable sports floor made of ecologically sound components, which will provide you with many years of enjoyment thanks to a high degree of wear resistance and continuous high performance.

## SAFETY AND THE ENVIRONMENT

The Herculan MF Blue sports flooring system meets both the German AgBB/DIBt and Ecospecifier strict emissions requirements. This makes the system extremely environmentally friendly and safe to use from the time of installation up to and including first use by the players and athletes.

## MODERN COLORS AND DESIGN

Your Herculan sports floor is not restricted to traditional colors. We offer a range of contemporary and modern colors in the design of your choice. There is also the option to use more than one color, to give your sports floor a completely unique look.
